

# There's a story behind every idea.

Ours can be summed up in a single word: dissatisfaction.

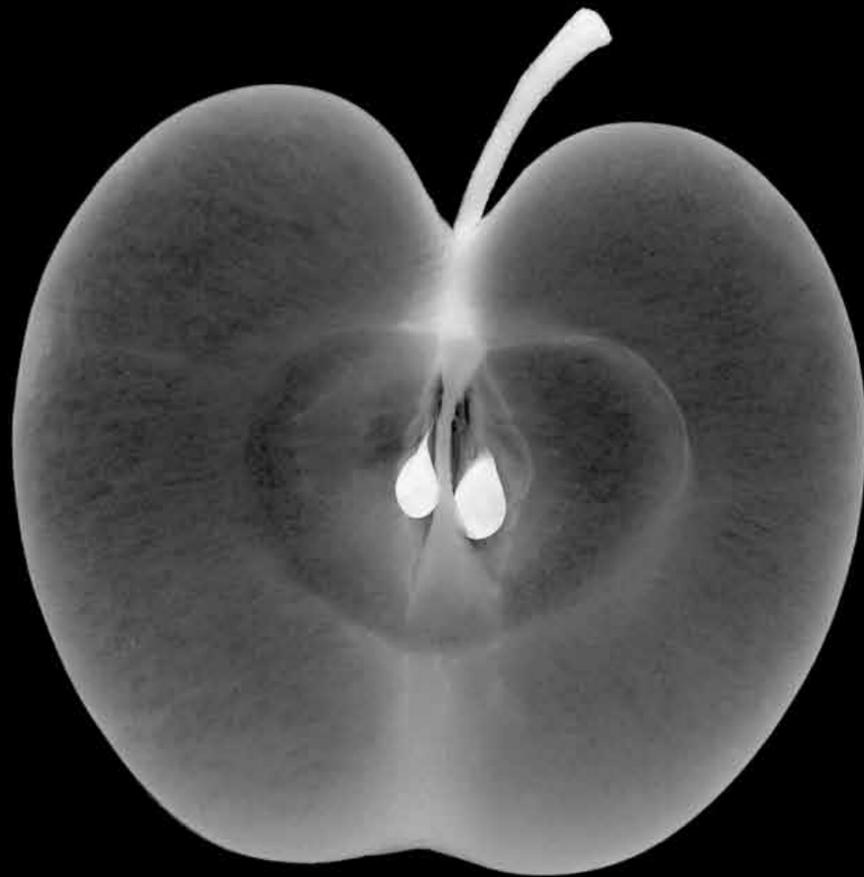

At some point, if an idea kicks around long enough, it starts to take form. Especially if you're tired of having to live with how things „are“ because you know there's nothing better out there.

The ONE line of accessories is a start-to-finish implementation of a high-quality product idea for public restrooms, with careful consideration down to the finest detail.

# A thing's core may sometimes seem unspectacular ...

... but lets it shine all the more brilliantly.

## **ONE pure.**

Reduction to the essential: For us that means the cleanest, purest stainless steel fronts and the maximum design quality. The form runs in clear lines. Perforated fill level display as a minimalist design elements round out the self-confident statement by the entire product line. "ONE pure" satisfies all of the requirements for premium sanitary culture.

# In the absence of light ...

... there's a feeling of timelessness.

## **ONE dark passion.**

3mm thick aluminium fronts, in timeless anodised black; „ONE dark passion“ stands for equal doses elegance and purism, creating an ambiance where the focus is on the exceptional. The hygienic and functional requirements are naturally fulfilled in all regards. Purist and thrilling.

# Even styles that are congruent to their core ...

... can possess individuality.

## ONE signature.

Using technology never before seen in the public restroom field, the "ONE signature" design variant from PROOX makes it possible to apply individual graphics and logos. As such, "ONE signature" meets the growing demand for the high-quality, ubiquitous optical presence of a brand, company and/or project – even in sanitary spaces.

# PROOX STRIVES FOR PERFECTION. AND SETS NEW BENCHMARKS.

10 years as a European leader in the production of sanitary articles gave the lead creative mind and founder of the PROOX brand, Armin Degasperi, a rich trove of experience to draw on. Austrian design office STUDIO I BEZDEKA successfully implemented Armin Degasperi's ideas and specifications and the Swiss design engineering team ensured perfect technical implementation.

PROOX is styled using clear lines, and defines new benchmarks in the field of premium sanitary spaces. As such, it lays the groundwork for a brand featuring completely new technology and design.

Through its ONE line and there three design variants (pure, dark passion, signature), PROOX offers a unique, high quality selection of sanitary articles for public restrooms that will meet the highest technical and design expectations of architects and building owners.

"PROOX" aims at becoming the brand of choice for architects working in the premium segment.

The promise: top design competency at the greatest levels of functionality, naturally while also accounting for classical characteristics expected in the public sanitary area:

anti-vandalism, hygienic and durability features.

**A** Locking, but without any visible locks. Uses locking technology that leaves the surface undisturbed in its purity. No interruption of the style.

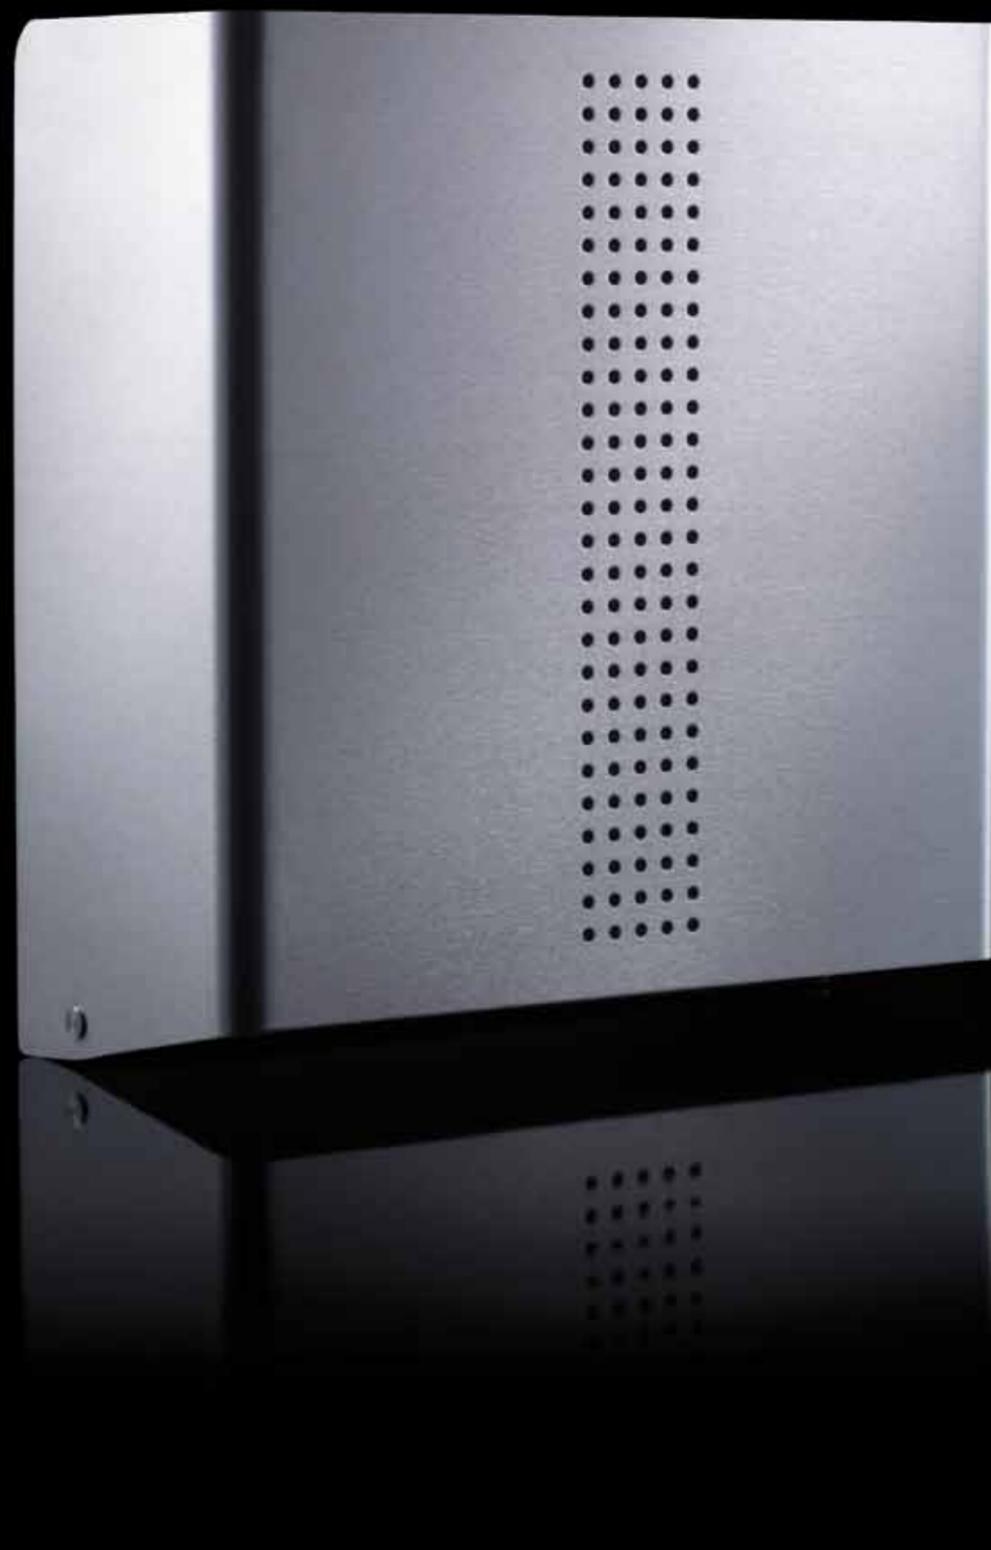

**B** A reconsideration of the familiar. The fill level indicators are presented throughout the entire product lines as perforation patterns, achieving both functionality and an attractive design.

**C** Secure mounting, but no visible screws. Technological solutions that cleverly and convincingly achieve the goal of relegating fittings into the background.

**D** Neutral surfaces. We communicate our brand in direct dialogue. Our products are free from brand logos. This is a clear 'yes' to honest design quality.

**E** Gentle paper dispensing. The Teflon-coated soft slide box dispenses paper towels gentle across rounded edges.

# ONE PURE

## HAND DRYER

Powerful hand dryer made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting, with optoelectronic sensor. Perforated design area with 4mm drillings. Drying time less than 15 seconds. Air temperature 55°C, 500W motor, 500W heater element, sensor detection range adjustable from 5 to 33cm. Automatic switch-off mode after 60 sec. Includes stainless steel screws and anchors. Cables for installation not included.

article code  
PU-010

dimension  
300 x 185 x 141 mm

## PAPER TOWEL DISPENSER

Paper towel dispenser made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perforated fill level indicator with 4mm drillings. Integrated teflon coated soft-slide box for easy paper dispensing. Holds 300-400 accordion-fold paper towels. Lock not visible. Includes stainless steel screws and anchors.

article code  
PU-100

dimension  
300 x 300 x 123 mm

## SOAP DISPENSER

Soap dispenser made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perforated fill level indicator with 4mm drillings. Soap dispenser lever made out of stainless steel. High quality pump. Filling bin with lid. 1.2 litres capacity. The pump can be dismantled for cleaning purpose. Lock not visible. Includes stainless steel screws and anchors.

article code  
PU-140

dimension  
120 x 300 x 122 mm

## WASTE BIN

Waste bin made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perforated design area with 4mm drillings. Integrated bag holder. 37 litres capacity. Includes stainless steel screws and anchors.

article code  
PU-200

dimension  
300 x 520 x 240 mm

## TISSUE DISPENSER

Tissue dispenser made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perforated designed area with 4mm drillings and oval opening for dispensing standard-sized tissues. Includes stainless steel screws and anchors.

article code  
PU-190

dimension  
260 x 136 x 85 mm

## CLOTH TOWEL DISPENSER

Cloth towel dispenser made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perfect for classic 300mm-wide cloth towels. Includes stainless steel screws and anchors.

article code  
PU-180

dimension  
300 x 300 x 183 mm

## DOUBLE TOILET ROLL HOLDER

Double toilet roll holder made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perforated filling indicator with 4mm drillings. For two rolls with max. 140mm width and 130mm diameter. Second roll drops into position when flap is moved upwards. Works without spindle system. Lock not visible. Includes stainless steel screws and anchors.

article code  
PU-300

dimension  
150 x 310 x 140 mm

## SANITARY NAPKIN DISPOSAL BIN

Sanitary napkin disposal bin with integrated bag dispenser. Made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness. Intended for wall mounting. Perforated designed area with 4mm drillings. Including plastic bin for easy cleaning. 4 litres capacity. Self-closing mechanism. Integrated hygiene bag dispenser for hygiene bag boxes up to 132 x 87 x 20mm. Including anchors, stainless steel screws and cover (to close the dispenser opening if bag supply is not offered).

article code  
PU-400

dimension  
300 x 310 x 91 mm

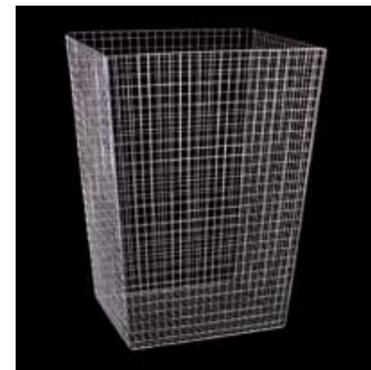

## TOILET BRUSH HOLDER

Toilet brush holder made out of stainless steel. Surface with fine brushed structure. Cover 1.5mm thickness, closed all around. Intended for wall mounting. Perforated designed area with 4mm drillings. Including plastic bin for easy cleaning. Brush handle made out of stainless steel. Brush head with functional shape. Including stainless steel screws and anchors.

article code  
PU-500

dimension  
85 x 200 x 90 mm (without brush),  
400 mm lenght overall

## WIRE BASKET

Wire basket made out of stainless steel. Floor surface 350 x 280mm. Strong and solid execution. Stainless steel electrolytic polished. Intended for wall mounting. 74 litres capacity. Includes stainless steel screws and anchors.

article code  
PU-260

dimension  
440 x 600 x 350 mm

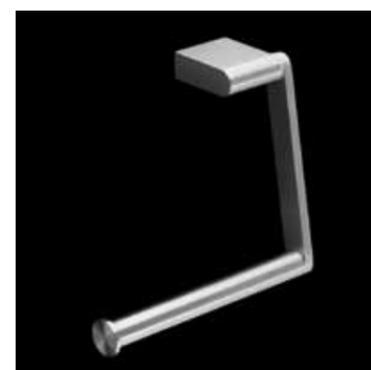

## CIRCULAR WASTE CHUTE

Circular waste chute made out of stainless steel. For top or underneath mounting onto counters. Incl. mounting clips and screws.

article code  
PU-280

dimension  
Ø ca. 160 x 125 mm

## SINGLE TOILET ROLL HOLDER

Single toilet roll holder completely machined from full stainless steel. Intended for wall mounting. For rolls with max. 105mm width and minimum 17mm tube diameter. Including concealed mounting system with anchors and stainless steel adapter screws.

article code  
PU-380

dimension  
112 x 100 x 35 mm

## SPARE ROLL HOLDER

Spare roll holder completely machined out of full stainless steel. Intended for wall mounting. For two rolls with minimum 13mm tube diameter. Including concealed mounting system with anchors and adapter screws made out of stainless steel.

article code  
PU-390

dimension  
30 x 150 x 125 mm

## CLOTH HOOK

Cloth hook completely machined out of full stainless steel. Intended for wall mounting. With indentation. Including concealed mounting system with anchor and stainless steel adapter screw.

article code  
PU-560

dimension  
22 x 12 x 60 mm

# ONE DARK PASSION

## HAND DRYER

Powerful hand dryer made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting, with optoelectronic sensor. Perforated design area with 4mm drillings. Drying time less than 15 seconds. Air temperature 55°C, 500W motor, 500W heater element, sensor detection range adjustable from 5 to 33cm. Automatic switch-off mode after 60 sec. Includes stainless steel screws and anchors. Cables for installation not included.

**article code**  
DP-010

**dimension**  
300 x 185 x 141 mm

## PAPER TOWEL DISPENSER

Paper towel dispenser made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perforated fill level indicator with 4mm drillings. Integrated teflon coated soft-slide box for easy paper dispensing. Holds 300-400 accordion-fold paper towels. Lock not visible. Includes stainless steel screws and anchors.

**article code**  
DP-100

**dimension**  
300 x 300 x 123 mm

## SOAP DISPENSER

Soap dispenser made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perforated fill level indicator with 4mm drillings. Soap dispenser lever made out of stainless steel. High quality pump. Filling bin with lid. 1.2 litres capacity. The unit can be dismounted for cleaning purpose. Lock not visible. Includes stainless steel screws and anchors.

**article code**  
DP-140

**dimension**  
120 x 300 x 122 mm

## WASTE BIN

Waste bin made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perforated design area with 4mm drillings. Integrated bag holder. 37 litres capacity. Includes stainless steel screws and anchors.

**article code**  
DP-200

**dimension**  
300 x 520 x 240 mm

## TISSUE DISPENSER

Tissue dispenser made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perforated designed area with 4mm drillings and oval opening for dispensing standard-sized tissues. Includes stainless steel screws and anchors.

**article code**  
DP-190

**dimension**  
260 x 136 x 85 mm

## CLOTH TOWEL DISPENSER

Cloth towel dispenser made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perfect for classic 300mm-wide cloth towels. Includes stainless steel screws and anchors.

**article code**  
DP-180

**dimension**  
300 x 300 x 183 mm

## DOUBLE TOILET ROLL HOLDER

Double toilet roll holder made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perforated filling indicator with 4mm drillings. For two rolls with max. 140mm width and 130mm diameter. Second roll drops into position when flap is moved upwards. Works without spindle system. Lock not visible. Includes stainless steel screws and anchors.

**article code**  
DP-300

**dimension**  
150 x 310 x 140 mm

## SANITARY NAPKIN DISPOSAL BIN

Sanitary napkin disposal bin with integrated bag dispenser. Made out of black anodised aluminium. Cover 3mm thickness. Intended for wall mounting. Perforated designed area with 4mm drillings. Including plastic bin for easy cleaning. 4 litres capacity. Self-closing mechanism. Integrated hygiene bag dispenser for hygiene bag boxes up to 132 x 87 x 20mm. Including anchors, stainless steel screws and cover (to close the dispenser opening if bag supply is not offered).

**article code**  
DP-400

**dimension**  
300 x 310 x 91 mm

## TOILET BRUSH HOLDER

Toilet brush holder made out of black anodised aluminium. Cover 3mm thickness, closed all around. Intended for wall mounting. Perforated designed area with 4mm drillings. Including plastic bin for easy cleaning. Brush handle made out of stainless steel. Brush head with functional shape. Including stainless steel screws and anchors.

**article code**  
DP-500

**dimension**  
85 x 200 x 90 mm (without brush),  
400 mm length overall

## SINGLE TOILET ROLL HOLDER

Single toilet roll holder completely machined from full aluminium black anodised. Intended for wall mounting. For rolls with max. 105mm width and minimum 17mm tube diameter. Including concealed mounting system with anchors and stainless steel adapter screws.

**article code**  
DP-380

**dimension**  
112 x 100 x 35 mm

## SPARE ROLL HOLDER

Spare roll holder completely machined out of full aluminium black anodised. Intended for wall mounting. For two rolls with minimum 13mm tube diameter. Including concealed mounting system with anchors and adapter screws made out of stainless steel.

**article code**  
DP-390

**dimension**  
30 x 150 x 125 mm

## CLOTH HOOK

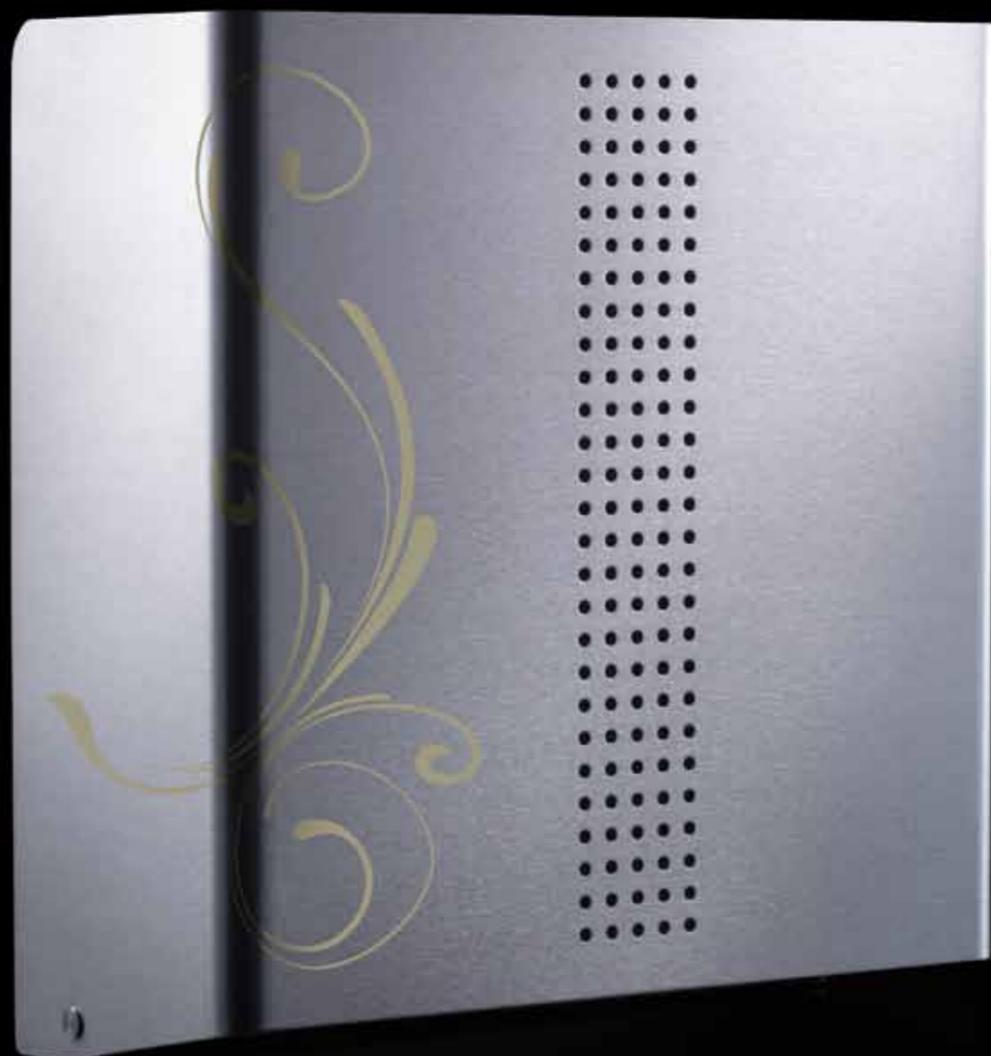

Cloth hook completely machined out of full aluminium black anodised. Intended for wall mounting. With indentation. Including concealed mounting system with anchor and stainless steel adapter screw.

**article code**  
DP-560

**dimension**  
22 x 12 x 60 mm

## ONE SIGNATURE

Operators of sanitary facilities have expressed growing interest in extending their brand's visual "fingerprint" as a tool for corporate communication. The "ONE signature" design variant now makes this possible. The process developed by PROOX for the sanitary area stands out for its exemplary robustness. Patterns and graphics applied to the products can even extend across the edges of the front cover. There's nothing else like it. By request, the PROOX graphics specialists create the visuals onto the sanitary articles.
